

Roto

- ✓ Application: PVC
- ✓ Standard spindle length: 35 mm (not available in other spindle lengths)
- ✓ Available colours: silver, gold, shiny gold

The classic Roto Line range of handles represents RAL-certified advanced technical solutions for reliable operation for years to come. The elegant soft-line design style and top-quality aluminium components provide comfortable use.

It also comes in a fork version, in which case the handle has the color of the woodwork.
